

ONE REMOVE® Graffiti Remover X

OneRemove Graffiti Remover X is an environmentally friendly VOC-FREE graffiti remover for surfaces that have been scribbled with spray paint, silver paint, gold paint, tectyl spray, paint bombs and ink.

Product highlights:

- Environmentally correct and completely free of VOC
- Low odor
- Fast-acting
- Also solves tectyl spray graffiti
- Gentle on underlying materials
- Economically in use

Application area:

Exterior and interior graffiti removal on trains, subway, tram, bus, industrial lacquered metal, glass, aluminum, concrete, brick, granite, marble, clinker, terrazzo and limestone.

Application:

Hard smooth surfaces of industrial lacquered metal, aluminum and glass:

Apply the product with a soft wash brush or paintbrush on the surface - let the product work for 5 - 10 minutes and then work the surface with the brush so that the product can penetrate and dissolve the graffiti in the best way. When the graffiti is dissolved, rinse with hot water pressure (50-70 degrees hot water and 70-150 bar pressure) or rinsed with a wash brush and running clean water. Rinse with plenty of water. If necessary, apply a new layer and repeat the instructions.
